

SYMMONS® Winslet™

the smart choice™

Evoking the antique cottage charm of an English country estate, the Symmons Winslet™ Collection embodies nostalgic elements of colonial décor. The bold, arched curves and simple lines combine to provide an old world feel for today's modern bathroom. Every Symmons Winslet™ tub and shower system features the legendary Symmons Temptrol® Pressure-Balancing mixing valve. Constructed of solid brass, bronze and stainless steel, and featuring a piston that adjusts automatically to instantly and continually equalize or “balance” the hot and cold water pressure as demands are made elsewhere in the plumbing system. Symmons Temptrol® puts an end to “Shower Shock” and provides a safe, comfortable shower every time.

Symmons Winslet™
is available in
these finishes:

Tub and Shower Systems

S-5101
